

iDea KR-Audio Adapter™
- for Samsung® & LG® MP3 mobile phones
USER MANUAL

iDea KR-Audio Adapter™ - for Samsung® & LG® MP3 mobile phones

- Perfect companion to the Samsung® / Lucky Goldstar (LG) MP3 Mobile Phones, tailor-made for their proprietary music port. (Also earlier models that have the 2.5 mm earphone jack).
- High-quality stereo cable (Y-splitter) and 2.5/3.5 millimeter jack converter included.
- Listen to the MP3 phone music with standard stereo headphones.
- Enjoy the MP3 phone music on the home stereo (directly, or via the iDea Wireless Dock).
- Listen to the MP3 Mobile Phone music on your Car Stereo, via the optional FM Transmitter.

Thank you for purchasing the iDea product. The iDea KR-Audio Adapter™ for Samsung / LG music phone consists of 4 items. Using the iDea KR-Audio Adapter with the Samsung / LG MP3 phone, you can enjoy your mobile phone music on the standard headphones, car stereo (via the FM Transmitter) and Home Stereo. Besides, if you have the optional iDea Wireless Home Dock connected, you and your family / friends can share the near CD quality music in multiple rooms at the same time.

Package Contents / Parts Identification

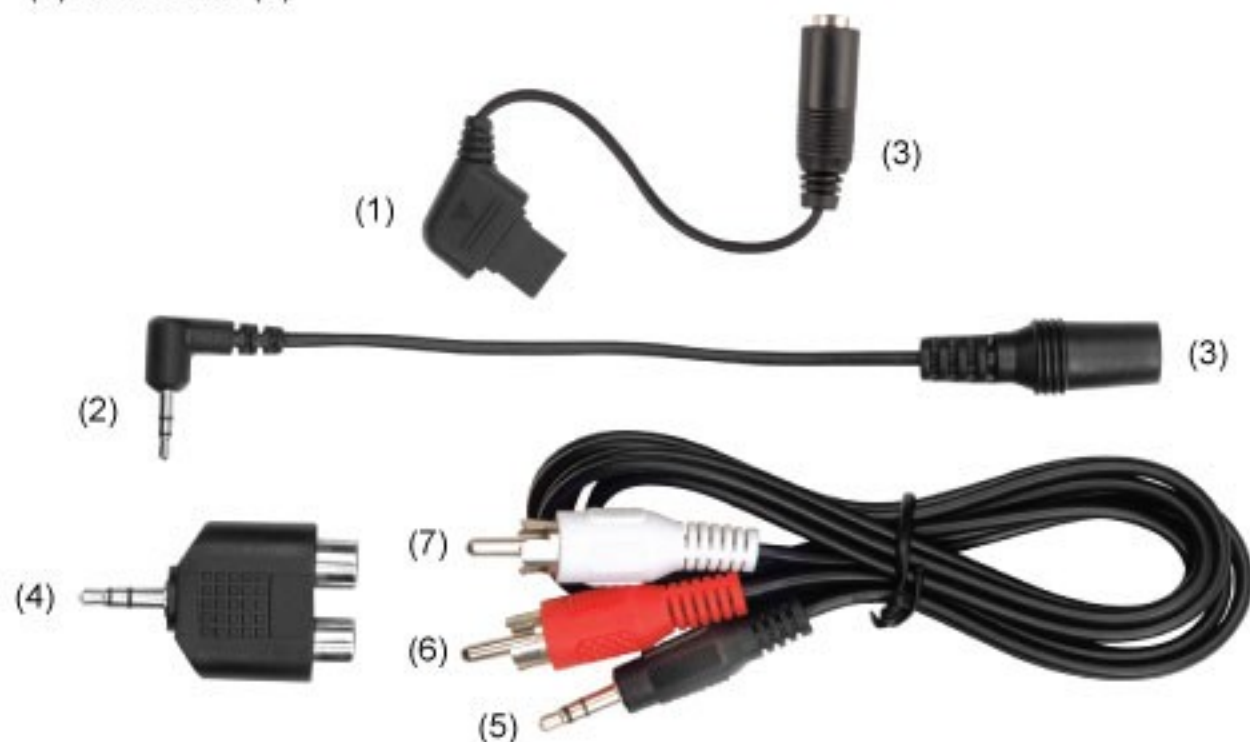

Package Contents:

- Samsung or LG Audio-Port™ Cable
- 2.5/3.5mm Jack Converter
- RCA Jack Converter
- RCA Jack Cable

Parts Identification:

- (1) Audio-Port connector
- (2) 2.5mm audio plug (Male)
- (3) 3.5mm audio jack (Female)
- (4) 3.5mm audio plug (Male)
- (5) RCA Y-Splitter connectors (R; L)
- (6) RCA Cable (R)
- (7) RCA Cable (L).

Getting Started:

- Turn off the Mobile Phone. Connect the iDea KR-Audio Adapter cables.
- Link the Samsung or LG mobile phone to the stereo (indoor) or FM Transmitter (in car) audio-in port. Turn on the mobile phone.
- If you have the iDea Wireless Home Dock connected, please turn on the Wireless Receiver. Then, turn on the Wireless Dock (use the dock's remote control "RF—ON" button) and its audio source. Adjust the channel selector to the same channel on the Wireless Dock and the Wireless Hi-Fi Receiver/ Headset.

Compatibility:

The iDea KR-Audio Adapter provides 2 compatible ports for the Samsung / LG phones:

- (1) The 2.5 millimeter earphone ports.
- (2) The new Samsung / Lucky Goldstar Audio-Ports: brands and models specified.

Features / Troubleshooting

Features:

- Perfect companion to the Samsung® / Lucky Goldstar (LG) MP3 Mobile Phones, tailor-made for their proprietary music port. (Also earlier models that have the 2.5 mm earphone jack).
- High-quality stereo cable (Y-splitter) and 2.5/3.5 millimeter jack converter included.
- Listen to the MP3 phone music with standard stereo headphones.
- Enjoy the MP3 phone music on the home stereo (directly, or via the iDea Wireless Dock).
- Listen to the MP3 Mobile Phone music on your Car Stereo, via the optional FM Transmitter.

Troubleshooting:

- **No Sound:** (1) Check to see that the adapter is connected properly, (2) Check that the batteries are good, (3) Make sure the power ON/OFF switch is in the ON position, (4) Check the connection of all the cables, and (5) If you use the iDea Wireless Dock, please check to make sure that the Wireless Dock and the Wireless Hi-Fi Portable Receiver are set to the same channel. You may press down the "RF—Channel" button on the iDea Wireless Dock's remote control unit to change RF channels.
