Parts Identification / Getting Started

Parts Identification:

- iPod 3.5 mm Line-Out Port
- Dual Applications
 - Wear "In-Ear"
 - Wear "Over-Ear"

Getting Started:

- Link the iDea Ear Speakers connector to your iPod's 3.5 millimeter earphones port.
- Turn on the iPod and enjoy the stereo music.
- **Note:** Please set the volume at low or medium level, since prolonged listening at a loud volume level may damage your ears.
- The iDea Dynamic Ear Speakers are designed to use as the traditional earphones, yet providing far better versatile capability.
- You may choose to wear the Ear Speakers with either In-Ear or Over-Ear. The benefits of the latter are listed in the comparison chart as below.

Ear Speakers Vs. Earphones		
	Ear Speakers	Earphones
In-Ear Use	Yes	Yes
Wear Over-Ear	Yes	No
Take phone calls	Yes	No
Pressure-Free	Yes	No
Sweat-Free	Yes	No
Background Music	Yes	No

The image shows three circular insets illustrating different ear speaker usage scenarios: 1. Flexible Positioning (Wear In-Ear) showing a white ear speaker being inserted into the ear. 2. Same Music, Less Harm (Wear Over-Ear) showing a white ear speaker worn over the ear. 3. Comfortable, Light-weight Earphones showing a pair of white earbuds. Below these is a table comparing Ear Speakers and Earphones. To the right of the table is a diagram showing a black device with a small circular speaker hole, connected to a white ear speaker and a pair of earbuds.

Ear Speakers Vs. Earphones		
	Ear Speakers	Earphones
In-Ear Use	Yes	Yes
Wear Over-Ear	Yes	No
Take phone calls	Yes	No
Pressure-Free	Yes	No
Swatch-Free	Yes	No
Background Music	Yes	No

The "Dynamic Ear Speakers" is the recommended choice in the iDea "Music 1-2-3" Package.
